Software Skills

Proficient

- Revit
- Sketch-Up
- AutoCAD
- Rhino
- Illustrator

Intermediate

- Enscape
- V-Ray
- Photoshop
- DataCAD
- Grasshopper

Willing to Improve

- Python
- Premiere Pro
- Total Station
- Agisoft Photoscan

Experience

Medici Architects

Bellevue, WA
2019 - Current

DESIGN ASSOCIATE

- Interacted with clients, consultants and contractors to design custom single family homes and multi family developments.
- Led projects during all phases of design including early feasibility studies, schematic design, and construction documentation.
- Managed multiple projects simultaneously alongside firm principals, personally coordinating schedules and documentation criteria.
- Prepared permit documentation and obtained approvals for building permits and land use permits in the greater Seattle area.

Tonkin Architecture

Seattle, WA
2018

ARCHITECTURAL INTERN

- Involved in a small architecture firm focused on the creation and improvement of low-income housing projects.
- Collaborated in aspects of feasibility studies, construction administration and interior design.
- Performed as-built measurement and documentation of facilities slated for rehabilitation

architecture+

Troy, NY
2017 & 2018

ARCHITECTURAL INTERN

- Participated in a diversity of projects including university-based campuses and mental healthcare facilities.
- Trained under professional architects and collaborated on schematic design, construction drawings, and paperwork for various projects.
- Attended site meetings for current projects under construction and performed punch-list inspections.

National Park Service

San Francisco, CA
Washington, DC
2017 & 2018

HERITAGE DOCUMENTATION INTERN

- Authored documentation of historic buildings and collection of small water craft.
- Supervised a diverse team of drafters to prepare lines drawings, construction sections, and details using digital and manual techniques such as total station and photogrammetry.
- Drawings are a part of the HAER Collection at the Library of Congress.
